BRIJ BHUSHAN PANT

SENIOR FRONTEND DEVELOPER • AI-ASSISTED DEVELOPMENT

13+ YEARS IN IT • 100+ PROJECTS

PROFESSIONAL SUMMARY

A highly experienced Frontend Designer and Developer with 13+ years of overall experience in the IT industry, specializing in creating modern, responsive, pixel-perfect, and visually engaging web experiences.

Possessing strong expertise in HTML5, CSS3, SCSS, Bootstrap, JavaScript, jQuery, WordPress, Laravel Frontend Integration, and React JS, with a proven ability to transform creative concepts and design requirements into high-quality, functional web interfaces.

Experienced in developing responsive websites, customizing and optimizing WordPress themes, designing interactive admin panels and dashboards, creating professional HTML email templates, and implementing engaging CSS animations. Over 7 years of experience in WordPress theme customization and optimization, along with hands-on experience in React JS development.

Also experienced in leveraging AI-powered tools and AI-assisted development workflows to accelerate frontend development, improve productivity, explore creative design solutions, and streamline coding processes.

Passionate about modern web technologies, clean code, creative problem-solving, and delivering exceptional digital experiences.
