+91 9711101482 | brijpant88@gmail.com | Faridabad, Haryana – 121005 | brijbhushan-dev.github.io/portfolio

PROFESSIONAL SUMMARY

A highly experienced Frontend Designer and Developer with 13+ years in the IT industry, and an AI-Powered Development & Prompting Specialist, creating modern, responsive, pixel-perfect, and visually engaging web experiences.

Possessing strong expertise in HTML5, CSS3, SCSS, Bootstrap, JavaScript, jQuery, WordPress, Laravel Frontend Integration, and React JS, with a proven ability to transform creative concepts and design requirements into high-quality, functional web interfaces.

Experienced in developing responsive websites, customizing and optimizing WordPress themes, designing interactive admin panels and dashboards, creating professional HTML email templates, and implementing engaging CSS animations. Over 7 years of experience in WordPress theme customization and optimization, along with hands-on experience in React JS development.

Also experienced in leveraging AI-powered tools and AI-assisted development workflows to accelerate frontend development, improve productivity, explore creative design solutions, and streamline coding processes.

Passionate about modern web technologies, clean code, creative problem-solving, and delivering exceptional digital experiences.

PROFESSIONAL EXPERIENCE

OCT 2023 – PRESENT

Sr. Frontend Developer & AI-Assisted Developer

morismedia Pvt. Ltd. • Kolkata, West Bengal (Remote)

- Build responsive Laravel, React and Magento 2 frontends for clients across India, UAE and Qatar.
- Use AI-assisted workflows for design-to-code, debugging and optimization to ship faster with clean, maintainable code.

JUL 2014 – OCT 2023

Sr. HTML Developer

Mind Digital Group • New Delhi

- Customized and optimized WordPress themes for brands in Bahrain, UAE, UK and India, including Batelco, Koita and Cosmesurge.
- Delivered pixel-perfect, cross-browser websites, admin dashboards and HTML email templates for 9+ years.

MAR 2013 – JUL 2014

HTML Developer

IMI Creation Pvt. Ltd. • Faridabad

- Converted design mockups into responsive HTML5/CSS3 pages, building the foundation in pixel-perfect UI.
