PROFESSIONAL SUMMARY

Senior Frontend Designer & Developer with **13+ years** in IT and an **AI-Powered Development & Prompting Specialist**. I turn design requirements into responsive, pixel-perfect and clean-coded web interfaces using HTML5, CSS3, SCSS, Bootstrap, JavaScript, jQuery and React JS. Over **7 years of WordPress theme customization**, plus Laravel frontend integration, Magento 2, admin dashboards, HTML email templates and CSS animations. I use AI-assisted workflows to ship faster with maintainable code.
